INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, presents to subscribers and the general public, this, the latest edition of the Ames City Directory, which also includes Nevada, Story County Directory.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this City Directory are consulted, for the City Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in City Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames and Nevada City Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns of Ames is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, and address of each adult resident of Ames, and the name, official personnel, nature, telephone number and address of each firm and corporation in the city. A similar list for Nevada is shown farther on in the Directory.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner—occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers. A similar list for Nevada is shown farther on in the Directory.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper. A similar list for Nevada is shown farther on in the Directory.

Community Publicity

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Completed and occupied in 1961, it is a complex of fire-resistant buildings located on a 318 acre tract of land approximately three miles northeast of the city. A new addition was dedicated in the Spring of 1979. Constructed for approximately \$16.5 million. The laboratory with an operating budget in excess of \$80.0 million annually, each year continues to expand in research and laboratory facilities. This, the world's most modern veterinary research facility, requires as many utilities and services as a small city. Many of the animals used in various research projects are reared at the Animal Production Unit, which is located approximately one and one-eighth miles south of the main laboratory on a site consisting of some 45 acres. The laboratory employs approximately 500 persons, one-fourth of whom are scientists—research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians and administrative personnel are also employed.

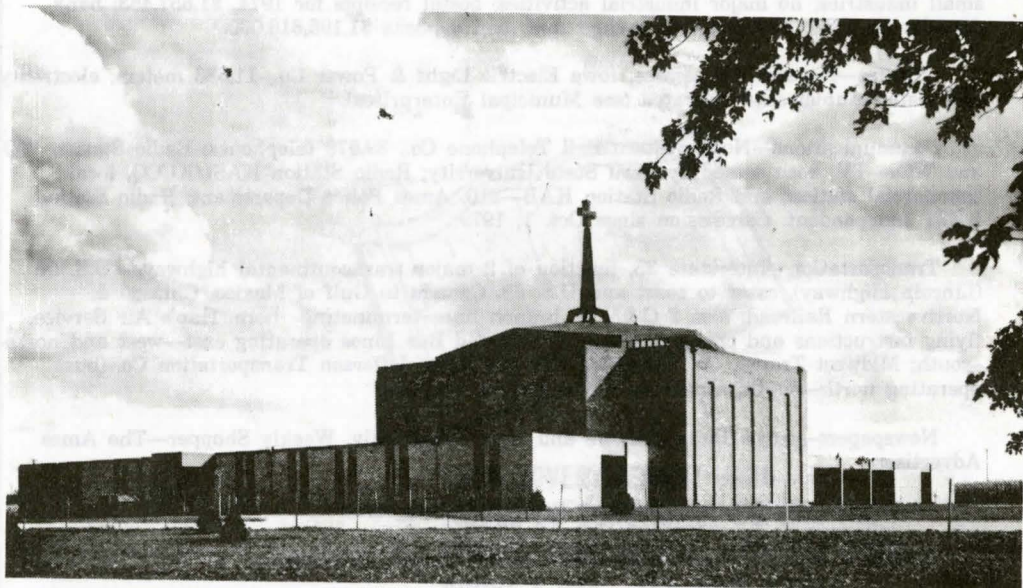

The research aims and purposes of this laboratory are to develop basic and applied information on infectious and non-infectious diseases of animals that rob the American farmers of approximately \$2 billion annually, and decrease the potential of an adequate supply of animal protein to the consumer. Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

In addition to the research program, two USDA veterinary regulatory groups have programs associated with the laboratory. These include setting standards and testing veterinary biologics for safety, efficiency, purity and potency, and providing nation-wide diagnostic services to support Federal programs for the control and eradication of animal diseases.

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises twenty buildings, with a present total new replacement value of \$22,681,164. This plant includes the new Senior High School; the downtown Central Junior High School; Welch Junior High; Crawford, Edwards, Fellows, Meeker, Mitchell, Northwood, Roosevelt, Sawyer elementary schools and Willson School for the mentally retarded; and the Maintenance Building. The Lincoln Elementary School has been converted to Central Administration.

Ten projects were completed during the past nine years. A stadium with a well-lighted football field and an all-weather Grasstex track was used for the first complete football season in the fall of 1966. Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. Additions were built to elementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Mitchell & Northwood elementary schools were completed in 1970. In December 1972, the Fine Arts Wing of Ames Senior High School was dedicated. It provides outstanding facilities for art, drama, and music and is used extensively for school and community activities.

During the past twenty years, ten different bond issues were successfully carried to authorize the construction of five elementary schools, additions to nine elementary schools, remodeling of junior high school facilities, a new high school, and a new junior high school. The most recent of the ten successful bond issues, the \$3,900,000 issue approved in March, 1968, provided funds to build two new elementary schools, additions to four elementary schools, an addition to the Senior High School, and an addition to the Welch Junior High School. The senior high school was constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. There were a total of 112 elementary classrooms with related facilities and 67 secondary classrooms in these construction projects.

Ames Senior High School

Pupil enrollment, exclusive of about 2,000 people in adult education, is 5,497. There are approximately 368 teachers and other professional staff members and 220 other personnel—secretaries, food service employees, teacher associates, and custodians. The average teaching load has been kept at about 25 children per teacher. The Ames schools have a fine staff of

supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

The Iowa State Center

THE IOWA STATE CENTER

C.Y. Stevens Auditorium—seating 2,660 for concerts, opera, ballet, drama and similar events. Special attention to acoustical qualities. Facilities for motion pictures and closed-circuit television.

The Jame J. Hilton Coliseum—The Hilton Coliseum is the largest of the four buildings planned in the Iowa State Center complex. Seating for 14,000 for commencement exercises, stage and arena programs too large for auditorium—theater presentation, meetings, banquets, exhibits and displays. Good acoustics. It is also used for basketball and has an ice floor for hockey, ice shows and ice skating.

Fisher Theater—This intimate theater seats 424 patrons for student plays, small musical groups, lectures, dance recitals and similar programs. Since it opened almost 4.8 million people attended the events held at the Iowa State Center.

Scheman Continuing Education Building—The final building, now under construction, is the Scheman Continuing Education Building. It is designed to serve approximately 30,000 persons who each year visit the campus for meetings, extension courses and conferences. It contains a 400-seat auditorium and 14 conference rooms.

I.S.U. Stadium—Separate from, but attached to the ISU Center is the new football stadium. The stadium shares parking facilities with the center.

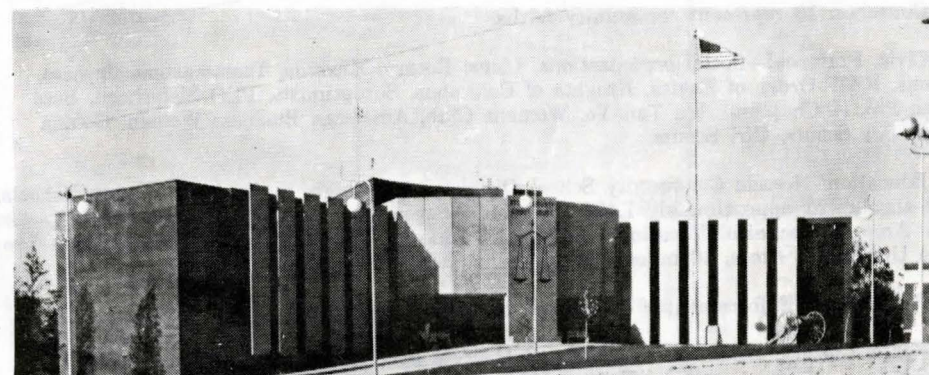

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Power of Advertising

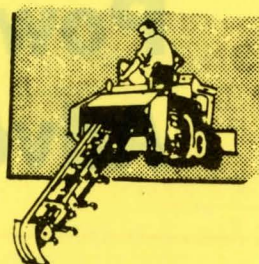

THE DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

PLEASE!

Do Not Lend Your
DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

A STATEMENT OF ADVERTISING PRINCIPLES

- 1. Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
- 2. Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
- 3. Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
- 4. Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical list* of names and addresses of residents, business concerns and institutions, plus wife's name and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants

3

A *Classified Business Directory* -listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

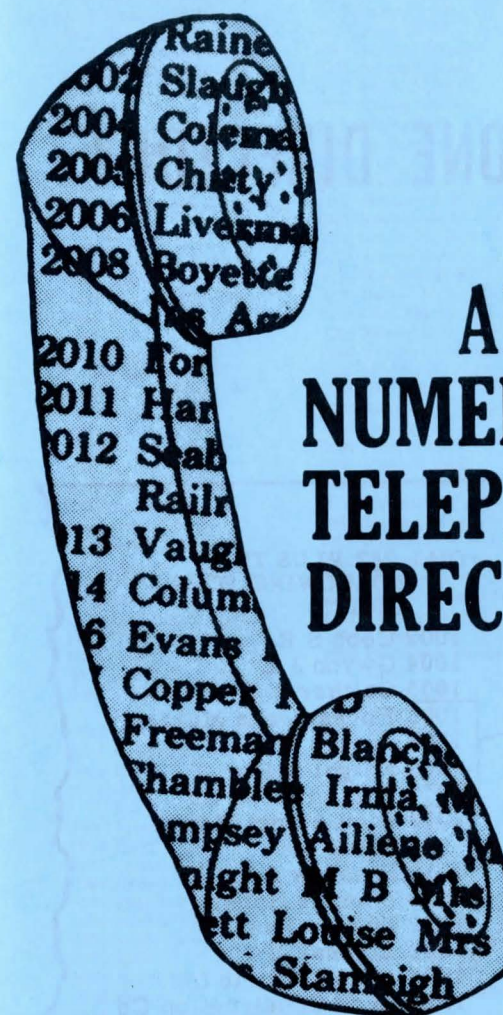

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value — to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

AMES NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

R. L. POLK & CO.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value — to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

FAIR PRACTICE CODE for ADVERTISING and SELLING recommended by the COUNCIL OF BETTER BUSINESS BUREAUS

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know - what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** *An Alphabetical list of names and addresses of residents, business concerns and institutions, plus wife's name and the occupations of all. Principal officers or owners and a description of businesses are included as well.*
- 2** *A Householders' Directory including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants*
- 3** *A Classified Business Directory -listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.*
- 4** *A "Yellow Section" or Buyers' Guide, where the advertiser may explain in greater detail the services or products he has to offer.*
- 5** *A Statistical and Historical Story of your city; plus miscellaneous other information.*

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

ATTENTION RESIDENTS!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.
